#### 5.1 Review of Mandate

There was a discussion regarding the mandate for the Committee. The Chair noted that she had met with the Deputy Clerk and felt that it was important to show some quick wins. This would set the Committee up for success and secure future resources and budget with tangible results.

To date, there has not be a conversation regarding promoting the Committee. This will be determined at a future meeting. An example of a recommendation would be the value of a walkable community including ensuring that the sidewalks are cleared as soon as possible in the winter.

The draft logo will be removed from any future documents.

The Accessibility, Diversity, Inclusion & Equity Advisory Committee passed the following resolution:

03-2025-01

## 5.2 Roles and Responsibilities

There was a discussion regarding the roles and responsibilities.

Council will review the committee recommendations as well as any staff reports that come forward with the recommendations of the Committee.

The Committee requested that the following be added to the roles and responsibilities:

- Council is the ultimate decision maker and would enact any recommendations passed by the Committee.
- Council will also consult the committee in the event that they need to consider an item.

This was deferred. The changes will be made and this will be brought back to the next meeting for consideration.

## 5.3 Committee Approach

The Accessibility, Diversity, Inclusion & Equity Advisory Committee discussed the draft Committee Approach.

The committee noted that training is important to run concurrently with its goals once the committee has focused on certain items. This will help to build the committee knowledge over time.

This was deferred and will be brought back to the next committee meeting to discuss goals and how to arrive at those goals.

## 5.4 QuakeLab Audit/Assessment

Chair Shaw had a meeting with QuakeLab, but this is not within the committee budget at this time. The Chair had met with the Deputy Clerk and felt that it was important to show some quick wins. This would set the Committee up for success and secure future resources and budget with tangible results.
